

### Remarks

The Notice of Drawing Inconsistency alleges that the Brief Description of the Drawings in the specification does not refer to Figure 4c.

Applicants note that the legend for Figure 4c in fact appears on page 8 starting at line 6 of the specification as originally submitted.

Applicants submit herewith an amendment to the specification that splits the legend for Figure 4c away from the legend for Figure 4b, thereby replacing a single paragraph with two paragraphs. No new matter is added by this amendment.

It is believed that the amendment submitted herewith fully addresses the concerns raised in the Notice of Drawing Inconsistency. If the Office of Data Management has any further questions, they are invited to telephone the undersigned in order to expedite the issuance process for this case.

Respectfully submitted,
